

HOYA CUTTING DROP
Sunday September 20 • 12-6 PM ET

For this special drop, I'll be offering fresh, unrooted cuttings on the website. Each listing will show the exact cutting you're purchasing. A range of cuttings will be available, from common varieties to rarer Hoyas, at various price points. **Orders will ship Monday, September 21. No Holds. All Sales Final.**

TERMS:

- **Only Hoya cuttings will be available for purchase during the drop.** All rooted plants, soil, and other supplies will be temporarily removed from the website and will return after the drop.
- The drop is open 12-6 PM ET only. Any remaining cuttings will be removed at 6 PM and returned to propagation. There is no order minimum.
- Adding a cutting to your cart **does not reserve it.** Your purchase is confirmed once checkout is completed.
- All cuttings are fresh and unrooted. **Please purchase only if you're comfortable rooting fresh Hoya cuttings.** Most cuttings will ship as-is, while thinner or more delicate cuttings may be packed with a small amount of moist sphagnum moss to help protect them during transit.
- **Please select standard UPS 3-Day shipping at checkout – all Hoya cutting orders will be automatically upgraded to UPS 2-Day Air.** Next Day Air will be available as a paid upgrade. If you place multiple orders during the drop, I'll combine them and refund any excess shipping charges.
- **Processing will begin immediately after the drop ends.** Please double-check your shipping address, shipping method, and order details before completing checkout, as changes cannot be made once your order has been processed.

I hope you're able to find something you love during the drop! Thank you so much for your support!

Melissa
